

1. ?func = login
2. ?func = signup
3. ?func = Categories
4. ?func = Products
5. ?func = Products Browsing
6. ?func = Product Order
7. ?func = Checkout
8. ?func = Confirmation

All of these  
params are passed  
through the servlet  
and forwarded to  
the webpage.

Home and Categories  
are handled solely by  
the servlet with  
no jsp.
